---

- Each campsite has 30 amp and 15-amp electrical service with the exception of Group Site “B” and 3 campsites which can be used as non-power sites. Group Site “B” has 15-amp service only.
  - Each campsite has a fire pit. (Please — No burning of pallets or skids)
  - Potable water is available at strategic places within the campground.
  - A free dumping station is located within the park.
  - The washrooms are clean and comfortable.
  - Hot-water showers are free to all registered campers.
  - Horseshoe pits are available for use free. If you don't have horseshoes, you can use ours for a \$10.00 refundable deposit on each set of shoes.
  - There is a children's playground in the adjacent park.
  - If you choose, there are free picnic areas throughout the park.
  - The Highwood River offers opportunities for swimming, tubing, kyacking and fishing.
- 
- A pathway along the River connects with an extensive network of walking and biking paths.
